Dear Sirs,

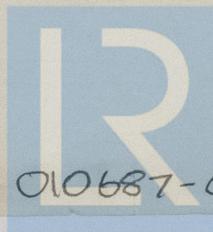

s. s. "FIRST"
Classification H.

Replying to your letter of the 13th February,
concerning the Screwshaft Survey due end of April next,
as this Survey is intimately associated with annual dry
docking due in August and the Load line surveys, We would
wish to bring these two operations into a single lay-up
in our leanest period for cargoes, and should much appreciate
it if your Committee can agree to this.

Yours faithfully,
STEWART & PARTNERS:
