March 8, 1949.

Dear Sir,

S.S. "CILURNUM"

With reference to my letter of February 23, the special, load line, boiler, tailshaft and main steam pipes surveys on this ship are due or overdue, and you might be good enough to ascertain and inform me, as soon as possible, when it is the owners' intention to submit the ship for these surveys.

Yours faithfully,

ASSISTANT SECRETARY

Ramon Zubiaga Esq.,
BILBAO.
