QUESTION

ANSWER

Date:— **20th July, 1954.**

With reference to my letter of the 29th June, I shall be glad to learn how this case now stands regarding the auxiliary engine cylinders.

I shall also be glad if you will let me know the Owners' intentions with regard to this vessel being examined in drydock, as it would appear from the records in this Office that she has not been seen in drydock by the Society's Surveyors since May, 1953.

The vessel has been under survey for the first item. The Owners are now trying to fix an early dry docking date.
