

# Lloyd's Register of Shipping,

Hotel Atlantico,

Cadiz, 28th October, 1932.

Dear Sir,

As stated in the "Classing letter" dated the 21st instant, the pumps and watertight door should be added to the list of items remaining to be examined to complete the Special Survey No. I on the Trawler "Cierto," Report I339, Cadiz. It is also considered that the chafed shell plates should be further examined at next docking in order to ascertain whether the electrically welded chafing bars are effective.

I am, Dear Sir,

Yours faithfully,

*R. Langlands*

The Secretary,

London.
