Ham.19151.  
-----

This vessel's main oil engine sustained damage through explosion while in the Port of Hamburg last month.

One cylinder cover, three fuel valves, six lengths of blast air piping and a few small parts have been renewed and the engine tried satisfactorily under working condition.

IT IS SUBMITTED that this vessel is eligible to remain as classed subject to an automatic feed regulating apparatus of approved type being fitted to water tube donkey boiler and its safety valves adjusted.
