Dear Sirs,

Motorship "CHOPIN"

I acknowledge the receipt of your cablegram of the 10th instant and am obliged to you for your comments.

It is now confirmed that in order to complete the Auxiliary Boiler Survey there remains only the adjustment of the safety valves of the exhaust gas economiser, and my letter of 23rd November last was therefore written under a misapprehension.

Nonetheless, it is considered this inspection should be completed at the earliest opportunity and I shall be obliged if you will encourage the Owners to cable instructions to the Chief Engineer to adjust the valves as necessary and forward his certificate to you in the normal manner.

Yours faithfully,

Clerk to the
Classification Committee.

The Surveyors,
GDANSK.
