Dear Sir: "CIUDAD DE BARQUISIMETO"

Referring to your letter of the 16th ultimo and previous correspondence, we have addressed several inquiries to the Owners of the above named vessel regarding the completion of the Machinery Continuous Survey cycle.

They just recently advised that she had been examined "in all respects by the American Bureau of Shipping prior to being accepted for Classification by the named Society". As it was not clear whether they intended to maintain the Society's Classification, another inquiry was addressed to them and I enclose herewith a copy of their reply from which you will note that they do not intend to maintain Classification in Lloyd's Register.

It is concluded that the Committee will take the necessary action in the matter.

Yours faithfully,

Committee
