# Lloyd's Register of Shipping.

Port

Colombo,

17th December, 1930.

This is to Certify that

I, H. S. MELTON,

the undersigned Surveyor to this Society did at the request of Messrs Delmege Forsyth & Co. Ltd., Agents, The Asiatic Petroleum Co. (Ceylon) Ltd., on the 9th inst. and subsequent dates survey the Cochran Boiler used for pumping purposes on the Dumb Oil Barge "MAHAWELI", No. 52241 in the Register.

I found the boiler internally and externally to be in good condition, throughout also all valves and mountings.

The safety valves were set to blow off at the allowed pressure of 100 lbs per sq. inch to my satisfaction.

Sluice valves in cofferdams and ship's side boiler blow down examined, and found in good order.

Survey Fee Rs. 60/-

*H. S. Melton*

Engineer Surveyor to Lloyd's Register.

This Certificate is issued upon the terms of the Rules and Regulations of the Society, which provide that:—  
"While the Committee use their best endeavours to ensure that the functions of the Society are properly executed, it is understood that neither the Committee nor the Society are under any circumstances whatever to be held responsible for inaccuracy in any report or certificate issued by the Society or its Surveyors, or in any entry in the Register Book or other publication of the Society, or for any error of judgment, default, or negligence of the Surveyors, or other Officers or Agents of the Society."
