BOARD REPORT on the

"Ingvid Thorden"
 Class: - +100 A 1 with freeboard

It is submitted the Got. Svennefors be advised that this ship has been transferred to the Finnish flag and Finnish Certificates were issued on the 10th inst. by the Finnish Authorities. The freeboards now marked on the ship's sides are the same as those ^{computed in this office} on Supplementary Rpt C 11 and forwarded to the Got. Svennefors with Secretary's letter of the 28/11/36 for the approval of the Swedish Authorities. It is assumed that the amended freeboards were not marked on the ship's sides when the ship was under the Swedish flag but the Got. Svennefors should state, if this assumption is correct, and return to this office the original Supplementary Rpts C 11 and the Cert. copies forwarded to them on the 28/11/36.
