Lloyd's Register of Shipping,

71, Fenchurch Street, E.C.3.

ENCLOSURES.

31st October, 1936.

Dear Sirs,

M.

I have to acknowledge the receipt of your cablegram regarding the S.S. "INGRID THORDEN" which being decoded reads as follows, viz :-

"Ingrid Thornden forward plans of midship section, profile
"and decks shell plating pillars and girders".

There are no plans for this vessel available in this Office, but it would appear that, except for a difference in the length of the bridge, she is a sister ship to the S.S. "SCOTIA". I therefore enclose for your information the plans of midship section, profile and decks of the latter vessel as built, together with a sketch of pillar sections, and shall be glad if you will be good enough to return these documents to this Office as soon as possible per registered post.

I am, Dear Sirs,

Yours faithfully,

Secretary.

The Surveyors,

COPENHAGEN.
