Dear Sir,

In reply to the enquiry contained in the classing letter of the 4th instant regarding the T.S.S. "HOOIBERG" - Belfast Report No.9962, I beg to inform you that the thickness of the longitudinal bulkhead plating above the deck is .42" and .48" as approved, and not .42" and .38" as in the report.

I regret that this clerical error should have occurred.

I am, Dear Sir,

Yours faithfully,

Jas Kennie
