

Enclosure

16th May, 1955.

Dear Mr. Edwards,

With reference to your letter of the 13th regarding the tug "BIDBY" we have received a slightly milder edition of a withdrawal letter from the 80 year old Managing Director, and I thought you might like to have a copy for your files.

We all appreciate your remarks and certainly think it is a very good idea to get out the class before the Special Survey becomes due as otherwise there is always the possibility that they might be faced either with a red or black line.

With kindest regards,  
Yours sincerely,

A. W. B. Edwards, Esq.,  
HULL..
