## MAIN TURBINES (State Port—P or Starboard—S)

Casings, rotors, blading, bearings & thrusts 15 Levers

Reduction gearing

Scavenge blowers

19 Superchargers

I recommend that the machinery of this ship remain as classed with/without fresh record of CS with date on completion, subject to cylinderblocks for both port auxiliary engines being specially examined and dealt with on completion of CS cycle and to fractures in way of propeller being specially examined next drydocking.

Where conditions of class are recommended to be retained, imposed, amended or deleted, particulars must be stated above and on the interim certificate.)
