Lloyd's Register of Shipping,

71, Fenchurch Street, E.C. 3.

Enclosure.

16th April 1925.

Dear Sirs,

I enclose for your information and guidance a copy of a letter which has today been addressed to the Society's Surveyors at Lisbon regarding the proposed classification with this Society of the S.S. "AMARANTE", which is now under survey at that port.

In view of the size of the vessel, it is considered that an Exclusive Officer of the Society should join in the survey, and I shall accordingly be glad if Mr. Engledow will be so good as to place himself in touch with the Lisbon Surveyors and arrange for a visit to be paid when the ship is opened up, and if possible when in dry dock.

I am, Dear Sirs,

Yours faithfully,

Secretary.

The Surveyors,

BILBAO.
