

LLOYD'S REGISTER OF SHIPPING

Wilmington, California

July 23, 1957

The Secretary

NEW YORK

MV "POZA RICA"

Dear Sir:

Further to your repeated request for information as to the Owner's intention for carrying out the Special Survey requirements which became due June 1957, we are appending herewith copy of their reply as received this A.M.

July 22, 1957

Gentlemen:

I acknowledge receipt of your letters dated June 4 and July 16, notifying us that our MV "POZA RICA" is due for Special Survey in June, 1957.

With reference to this matter wish to inform you that until today no date has been set up to carry out this Special Survey, that according to our repairs program the "MINATITLAN" will start repairs August 5th, next will be the "MIGUEL HIDALGO" and the next the "POZA RICA", approximately will be ready in about 90 days.

Yours very truly,  
PETROLEOS MEXICANOS

C. Alvarez Garcia  
L. A. Representative

From the foregoing it may be deducted the "POZA RICA" will be presented for Special Survey about end of October, 1957 which would concur with their Annual Docking program.

Regret I am unable, at this time, to enlarge on the contents  
of my letter dated November 30, 1956, the position remains, as reported  
since 1953:

"subject to echo sounding device in aft  
pumproom remaining disconnected and out  
of service until removed to a safe position."

Yours faithfully,

W.J. Bloomfield
