EXTRACT FROM LETTER DATED 5th RECEIVED 7th OCTOBER, 1953
FROM THE SURVEYORS AT NEW YORK. (orig. *Had*)

"POZA RICA"

At the same time, I think I should mention that the First Entry Reports on the case, and the plans to accompany them (including the midship section and profile and deck) are also under discussion with the Los Angeles Surveyors, and will be forwarded to you with the least possible delay.
