

Twin Sc. m.s. "BAHR NAGASH", No. 38402 in Supplement.

Classification Contemplated.

Lloyd's List 23.12.47.

**BAHR NAGASH.**—Port Sudan, Dec. 22.—  
Ethiopian motor vessel Bahr Nagash,  
(Grangemouth and) Suez for Massowah,  
in ballast, has put in here leaking in  
vicinity of port A frame. Now trimming  
ship to facilitate preliminary inspection,  
subsequently slipping or repairing afloat  
under surveyor's recommendations. Leak  
is at present under control.

" 31.12.47

**BAHR NAGASH.**—Port Sudan, Dec. 30.—  
Motor vessel Bahr Nagash has effected  
temporary repairs; certificate of sea-  
worthiness granted and vessel has  
proceeded. (See issue of Dec. 23.)

" 14.1.48

**BAHR NAGASH.**—Port Sudan, Jan. 5.  
—Motor vessel Bahr Nagash was sur-  
veyed here on Dec. 27 and 28 in respect  
of a leak in the vicinity of strut sup-  
porting forward end of port stern frame.  
Temporary repairs to holed and buckled  
plate were effected by means of a  
cement box, and a certificate of sea-  
worthiness was issued. (See issues of  
Dec. 23 and 31.)

" 20.1.48

**BAHR NAGASH.**—Massowah, Jan. 13.—  
Motor vessel Bahr Nagash was surveyed  
here on Jan. 2 and 9 to ascertain damage  
stated to have been sustained through  
heavy weather while on voyage from the  
United Kingdom (Grangemouth) to this  
port. Broken welding of two sounding  
pipes from upper deck through No. 1  
hold was renewed, two loose angle irons  
on fore and aft centre girder were re-  
riveted and rewelded, broken welding on  
port and starboard girders renewed, butt  
straps fitted to fractured bulkhead and  
sprung angle bar of wheelhouse bulk-  
head rewelded to surveyor's satisfaction.  
A certificate of seaworthiness was issued.  
(See issue of Jan. 14.)
