

5th January, 1948.

Dear Sir,

S. I am in receipt of your letter of the 29th ultimo, together with an extract from the Captain's Log Book, respecting the voyage of the "BAHR NAGASH" from this country to your port and may say they have been read with interest.

I shall be glad, however, if you will furnish further details of the small hole found in the bottom plating and state whether it was caused by damage or wastage.

Yours faithfully,

Clerk to the  
Classification Committee.

J. de Wolf, Esq.,

PORT SAID.
