

POSTPONED SURVEYS.

Case of the S.S. "TOAS"

No. 28624 in Reg. Bk. _____ tons, Built _____

Classed _____ Owners _____

Port of Registry _____

Last Special Survey held in 1941.

Validity of "Examined" notation expired 7.49.

Survey Due Combustion chambers of both boilers require to be renewed
at Boiler Survey due 7.49.

Load Line Certificate expired 31.8.49.

The case last received consideration in November last, when action was deferred for a short time pending a further communication from the Owners regarding the vessel's future employment, it having been stated that the vessel was laid up.

In reply to further enquiry the Owners now state the vessel is still laid up at Curacao pending her disposal for breaking up purposes.

Submitted for the consideration of the Committee.
