

S/S "TOAS"

I phoned the Anglo-Saxon Petroleum Co. Ltd.,  
and Mr. Wright (in the absence of Mr. Barker on holiday)  
stated they expected to be in a position to advise us of  
their decision regarding the future employment of this  
vessel towards the end of this week.

Further information promised by Ltr, probably early next week.  
Probably will not be retained in class if decided  
to use as mobile bulk. Short extra class to cover  
possible delay in delivery new combustion chambers  
would be helpful.
