- 9 main frames in way set in. To fair in place.
- One intermediate frame set in. To remove, fair & refit.
- One length bulwark rail 6 ft. long set in. To remove, fair and refit.
- 1 deck stringer plate buckled locally. To crop and part renew, and air and sounding pipes to renew an
- 1 deck stringer angle set in. To crop and part renew.
- 2 bulwark stanchions buckled. To remove, fair and refit.

All disturbed work to replace or part-renew as found necessary.

The above recommendations were made with a view to placing the vessel in the good and efficient conditions as she was before the casualty. These repairs have now been satisfactorily carried out.

All material used was certified and checked as complying with requirements.

For these repairs the ship was on the dock 7 days.

These various repairs were carried out concurrently and the days shown for each job are a fair apportionment. The accounts which are attached are duly attested and are considered fair and reasonable.

The vessel was docked on the 15th August 1949.

The vessel undocked on the 23rd September 1949.

But now work was carried out for 4 days awaiting the Owners' decision concerning the delay to the vessel if all the repairs were effected at this time.
