

COPY.

28th April, 1931.

Enclosure.

RIO DE JANEIRO.

2159, 64. As recommended.  
2013 "TAQUARY". I have to acknowledge the receipt of your memorandum of the 31st ultimo, and to confirm the cablegram which has been sent to you today, as per copy enclosed herewith.

It is noted that the Owners state that they may have to put the vessel into service again without completing all the repairs required, and I have to say that the Committee, who have given the case very careful consideration today, consider that the Special Survey and repairs **must** be completed before the vessel is again placed in commission.

It is concluded that the steamer is still under your survey.
