Dear Sirs,

Steam Trawler "DINAS"

In connection with your request for postponement of the Special Survey in this case, I have to inform you that as a result of the General Examination carried out by this Society's Surveyors at Fleetwood last month, the Committee are agreeable to the Special Survey being postponed until April, 1954.

Records of Docking Survey with date of 7,53 and BS 3,53 have been assigned, and I would add that continuation of the vessel's class is subject to indented shell plates D.3 and D.4 from forward (starboard side) being dealt with as found necessary, and repairs in main cross bunker being carried out by the completion of the Special Survey.

Yours faithfully,

Copy sent Liv.
