6th September 1961.

R. Dear Sirs,

M.S. "GLORY"

In reply to your letter of the 28th August, I have to inform you that provided a General Examination is held about the end of October next, including dry docking, the Committee will be prepared to consider postponement of the Special Survey for a period to be determined by the condition of the ship as found and reported upon at the time of the General Examination. It will be observed that the ship is 30 years old.

It is considered that the Continuous Survey of the Machinery should be advanced next month by the examination of port main engine Nos. 1 and 2 units and starboard main engine Nos. 1 and 2 top and bottom ends, also some essential pumps.

I shall be glad if you will advise the Owners accordingly.

Yours faithfully,

The Surveyors,
SINGAPORE.

Deputy Clerk to the
Classification Committee.
