Lloyd's Register of Shipping,

71, Fenchurch Street, E.C. 3.

16th January, 1930.

Dear Sirs,

With reference to your report No. 12139 on the machinery of the m.s. "ALDEGONDA", I have to request that you will say whether the statement that the high pressure air receivers are 700 mm. in diameter is correct.

You should also state the number of auxiliary oil engines and where the machinery is to be fitted on board.

I have to add that in future cases where the approved plans are dimensioned in metres you should use the same units in the reports.

I am, Dear Sirs,

Yours faithfully,

Secretary.

The Surveyors,  
AMSTERDAM.
