REPORT

Dja.

No. 3644

The remarks of the Chief Ship Surveyor are desired on this case for the consideration of the Classing Committee.

("The endorsement to contain a succinct summary of any repairs that have been required and to show the cause or causes of such repairs, and also to bring out clearly any exceptional features in connection with the case, so that the Classing Committee may have all the salient points presented in the endorsement."—Extract from Sub-Committee's Report, 24/5/92.)

This ship was built in 1951 (launched 1950) at Djakarta, and Owners desire Classification with this Society.

Plans in connection with this have been approved, see Secretary's letter to Djakarta Surveyor dated 9.4.53.

The DKJAKARTA Surveyor now reports 3,53, ship examined in drydock, bottom coated and due to vessel discharging and loading while lying aground 2 channel bars have been fitted to 'B' strake (p & s).

A General Examination of the ship has also been carried out.

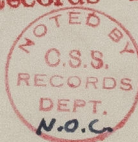

IT IS SUBMITTED no ACTION be taken in this case pending receipt of a First Entry Report and satisfactory Report 8 of Classification Survey.

IT IS FURTHER SUBMITTED the Surveyor be advised that for classification the requirements of Special Survey (C) should be complied with and particulars (including weights and tests) of the anchors, chain cables and equipment (hawse ~~ropes~~, warps etc.) forwarded.

Reports 1 and 8 to be furnished.

Mr. A. H. H. H.
