CERTIFICATES ENCLOSED

High Close, Wokingham, Berks.
17th February 1944

Dear Sir,

I am in receipt of your letter of the 15th instant in respect of the "MONARCH OF BERMUDA" and accordingly enclose Load Line Certificate and certified copy for this vessel for issue when the renewal survey has been completed.

I may say that in December last amended freeboards were computed for this vessel corresponding to a summer extreme draught of 29' 4" but in view of your remarks it is concluded the Owners do not now desire this later assignment.

I am, Dear Sir,
Yours faithfully,

Secretary,
LIVERPOOL

pro Clerk to the
Classification Committee.
