

## "MONARCH OF BERMUDA"

BOARD REPORT on the

It is submitted freeboard certificate and copy be forwarded to the Liverpool  
 for issue when the general examination is completed and the conditions  
 assignment have been complied with. The freeboards are those  
 assigned in February 1943 and correspond to a summer extreme draught  
 28'-4". The Liverpool office should be advised however that  
 a request received from the owners on Nov. 9th 1943, an amended  
 assignment was made corresponding to a summer extreme draught  
 29'-4". In view of the Liverpool letter of the 15th inst., it is  
 included that the owners do not now desire this later assignment  
 and the Surveyors should confirm this.
