

"NEW AUSTRALIA"

The question of the suggested increase in the hull repair fee was mooted to Mr. Nicholas who is quite prepared to leave it to the London Office to decide.

He states he based the repair fee upon 50 per cent of the first entry fee, but agrees that the job could stand the suggested increase.

I told him that the question of charging an extra fee for Mr. Hodgson's services either as a separate item or in the inclusive charge, would receive attention on Mr. Hodgson's return from Wales on Monday next.

*R.D.*  
3. 11. 50.

Return to me on  
Monday 6/11

Mr. Hodgson considers the full fee to include his services should be app 60% of the fee viz £800!
