Sir,

"MONARCH OF BERMUDA" :-

We thank you for your letter of yesterday's date,
contents of which we have carefully noted.

Our representatives at Leith have been in close
contact with your Leith Surveyors, and the work on the ship
being carried out in accordance with the requirements
of our local Surveyors. For your information, we
stand a good deal of the stiffening originally
used will become unnecessary because it has now
been decided to remove some 3/400 tons of the damaged
structure.

Yours faithfully,
for FURNESS WITHEY & CO., LTD.
