enclosure

Dear Sir,

s.s. "MONARCH OF BERMUDA"

Messrs. Furness, Withy & Co., acting on behalf of the Underwriters, recently requested that this vessel be inspected at Leith with a view to recommendations being made for her to proceed under her own power to a port in the Mediterranean.

I forward herewith a copy of a communication which has been received from Dr. Webster after a visit made by him to the ship, and I shall be obliged if you will furnish any comments you may have to make on the points raised by him in regard to any deflection found at the drydock examination at Newcastle and the effect of fire on the high elastic material of the topsides. A similar communication is being forwarded to the Middlesbrough Surveyors.

Yours faithfully,

Clerk to the
Classification Committee.

G.R. Edgar, Esq.,

NEWCASTLE/TYNE.
