# Lloyd's Register of Shipping.

Port of PIRAEUS,

21st November, 1949.

**This is to Certify** that I have

Starboard <sup>part</sup>  
Surveyed the Boiler and Machinery of the s.s. "CAPTAIN MIKES",

480 tons gross of Panama afloat at Piraeus on the 18th November  
1949 on account of Annual Survey and part Boiler Survey, -

and that I have transmitted to the Committee of Lloyd's  
Register of Shipping, London, a Report stating that all  
recommendations made by me in connection therewith have  
been carried out to my satisfaction, and that I have

Recommended that the record of Blr.S. 11,49 - -

be made in the Register Book in the case of this vessel, when the  
Boiler Survey has been completed.

(To complete the Boiler Survey the Port Boiler requires to be  
surveyed, the mountings of the Starboard Boiler have to be examined  
and the safety valves of both Boilers to be adjusted under steam.)

*A. G. Bone*

Engineer Surveyor to Lloyd's Register.

This Certificate is issued upon the terms of the Rules and Regulations of the Society, which provide that:—  
While the Committee use their best endeavours to ensure that the functions of the Society are properly executed, it is  
understood that neither the Committee nor the Society are under any circumstances whatever to be held responsible for  
accuracy in any report or certificate issued by the Society or its Surveyors, or in any entry in the Register Book or other  
publication of the Society, or for any error of judgment, default, or negligence of the Surveyors, or other Officers or Agents  
of the Society."
