The Certificate of Classification to be endorsed "Cargo battens not fitted" and the same notation to be entered in the Register Book.

Equipment letter for fees: "a" in red.

Insert in S.R.L:- (Bottom in way of hold to be examined internally annually (Cement omitted)).

It is submitted the Surveyors be referred to their letter of the 31st March 1947 on the sister vessel "MOEALANG" and informed it is concluded that also in this case the length of the raised quarter deck for record purposes is 24', but they should state if this is so

They should be informed it is also concluded the plating thicknesses of bulkhead No. 4 are .26" - .36" as approved and not .26" - .30" as reported, but this should be verified.

They should be requested to inform the Owners of the required annual internal examination of the bottom in way of the hold owing to the omission of cement.
