0037a

The 3rd Special Survey No.1 became due on this vessel in April, 1933, and the year of grace has been granted.

On the 6th March last the Barcelona Surveyor wrote that he was communicating with the Owners and would inform this Office as soon as possible what arrangements were to be made in regard to the Special Survey. Definite information has since been awaited.

On the 10th instant a cablegram was received from the Barcelona Surveyor stating he was in receipt of a letter from the Owners withdrawing the vessel from class. In his letter confirming the cablegram the Surveyor writes that the Owners intimate in their letter that their decision has been taken as the vessel is only employed in the coasting trade, and it is their intention to class her with the Registro Español.

The year of grace expired last month.

The Classing Committee had the case before them on Tuesday, 15th instant, when they decided to give instructions for the vessel's class to be expunged from the Register Book with a Red Line (5.34), indicating non-compliance with the Society's Rules.

17th May, 1934.
