

Whaler "SUKHA"

"Surveys Overdue 6.55"

On 6.9.61 the St. John's, Nfl. Surveyor stated the ship is still laid up and will not be placed in service or repairs effected in the near future. The last recorded date of Special Survey is 6.51 and the last occasion on which the ship was seen in drydock was in 1151.

A Part Special Survey was held in May/ August, 1960, but owing to the nature and extent of the repairs required, the ship was again laid up.
