DEPARTMENT OF MARINE.

OTTAWA, March 9th, 1933.

George Allan, Esq.,

Surveyor, Lloyd's Register of Shipping,

261, St. Sacrament Street,

MONTREAL.

Sir:-

I have for acknowledgment your letter of the 15th ultimo requesting information on behalf of your London Office as to the survey on the tailshafts of the C.G.S. "SAUREL".

In reply would advise that these tailshafts were drawn in June last - no notification was sent to your office in this respect as, following the usual practice of the Department in these matters, it is not proposed to retain this vessel in class.

I am, Sir,

Your obedient servant,

(Signed) E. HAWKEN

Assistant Deputy Minister.
