LAKE OF THE WOODS BUILDING

MONTREAL,

January 27th, 1930.

The Secretary,
Lloyd's Register of Shipping,
LONDON.

Dear Sir:

With regard to the First Entry Report No. 3195 on the Ice Breaker "SAUREL" built by Canadian Vickers Limited, Montreal, and forwarded to you through the New York Office, I wish to state that the tonnages shown thereon are all the estimated tonnages and not the official tonnages.

When the vessel was ready to sail the official measurer was in the Hospital and could not attend. Official tonnages will be given on the vessel's return to Canadian Vickers Yard sometime in May.

Yours very truly,

Surveyor
