(3) Postponements already agreed:-

Postponement of the completion of the Special Survey until July, 1962, approved 16.11.61. On the 8th August, the Committee agreed to a General Examination being held in dry dock with a view to the further postponement of the completion of the Special Survey for 3 months beyond the expiration of the year of grace.

(4) New Proposal:-

The Singapore Surveyors state that the ship has now been withdrawn from service and that the new Owner has decided not to hold a General Examination, but will probably submit the ship for Special Survey in the near future. The year of grace for the Special Survey expired at the end of July, 1962.
