

Non-propelled Barges "KADHAMAH" and "KAWAIKIH".

- - - - -

In reply to enquiry, Mr. Wilson, of the British Tanker Co., stated over the telephone That, after arrival of these barges in the Persian Gulf, where they are to be towed, it is not intended to maintain their classification.

The internal annual examination of the bottom, owing to the omission of cement, referred to in endorsement dated 22-7-46, will not therefore arise.
