Reference

1st July, 1946.

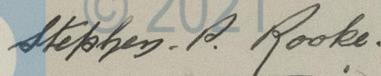

C. Bartlett Esq.,
London.

Dear Mr. Bartlett,

I have your letter of the 25th regarding my official letter of the 20th on the subject of the survey fees for the "KADHAMAH" and "KAWAIKIH". These craft, of course, come under the new scale of fees in view of the date of signature of the Request Forms but as they are dumb barges only it occurred to me to ask for confirmation that the fees chargeable for ordinary merchant ships would apply. Possibly, of course, I was influenced by the fact that we have not yet become entirely used to the larger fees.

I take it that we can charge the new fees in these cases without further ado.

Yours sincerely,

Stephen P. Rooke.© 2021
