Sub

No. 4464

he remarks of the Chief Ship Surveyor are desired on this case for the consideration of the Classing Committee.

("The endorsement to contain a succinct summary of any repairs that have been required and to show the cause or causes of such repairs, and also to bring out clearly any exceptional features in connection with the case, so that the Classing Committee may have all the salient points presented in the endorsement."—Extract from Sub-Committee's Report, 24/5/92.)

of Survey

It is submitted the Glasgow Surveyor be informed that the vessel has left for their port to have the machinery installed, and to complete the survey the following remains to be done:—machinery casings to be riveted up, deck to be laid in way of same & tested, hand pumps and Engine Bilge & Ballast pumps to be tested, windlass & steering gear to be tested under working conditions, the whole of the outfit, stores etc to be checked & placed on board.

on completion of the survey, a report on form 8 should be forwarded to this office.
