losure.

10th January, 1921.

Sir,

I beg to transmit herewith a letter from Mr. Clarke with reference to Circular No. 1351 regarding the fees to be charged for the inspection of the installation of electrical fittings.

I am, Sir,
Your Obedient Servant,

Secretary to the
Glasgow Committee.

10th January, 1921

Dear Sir,

With reference to Circular No. 1351 regarding the fees to be charged for the inspection of the installation of Electrical fittings, a question has arisen as to the basis on which these fees are to be calculated.

The circular states that "the scale is based on the Kilowatts of the generators."

In many cases two generators are fitted either of which will take practically the whole load, and I shall be glad to know if in such cases the Kilowatts of one generator only may be taken as the basis for the fees.

The Secretary,
GLASGOW.

I am, Dear Sir,
Yours faithfully,
(Sgd) Harry Clarke.
