10.11.62

I have surveyed the above ship in accordance with the Rules for DAMAGE stated to have been caused by contact with pier at Calais on the 11th. November 1962.

The items now surveyed are detailed on this report. All were found or placed in good condition unless otherwise stated. Found.

Stem bar set over in way of 5th. strake below sheer and a number of rivets in way started.

Now done.

As temporary repair plate edges welded to stem bar and started rivets ring welded port and starboard.

It is submitted that the above damage be further examined and dealt with as found necessary at next drydocking.

Survey confined to above.

I recommend that this ship remain as classed ~~with~~ without fresh record of dry docking subject to No. 1 plate (port and starboard from forward) in 5th. below sheer and stembar in way being further examined and dealt with as found necessary by the next drydocking, and any outstanding conditions of class being dealt with as previously recommended.

(Where conditions of class are recommended to be retained, imposed, amended or deleted, particulars must be stated above and on the interim certificate.)
