From: LLOYD'S REGISTER OF SHIPPING, 71, FENCHURCH STREET,
LONDON, E.C.3.

(Ref. H)

To: The Surveyor(s) at GOTHENBURG.

Date: 29th June, 1948.

Vessel's Name: Motor Tanker "ARABIAN QUEEN".

QUESTION.

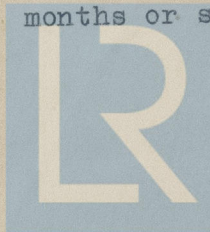

ANSWER.

With reference to your report 15650 and to the entry in the Special Reasons List, I shall be glad if you will ascertain from the Builders and let me know what arrangements are proposed to be made to change the single-pole switches in accommodation and engine room to double pole switches.

L.R.

Date:— 27th July, 1948.

The Owners state that the Builders have not yet been able to obtain delivery from England of the double pole switches required for a number of new vessels recently built by them. It is hoped, however, that arrangements can be made for the necessary exchange of switches to take place within the next six months or so.
