LLOYD'S REGISTER
RECEIVED

- 9 NOV 1934

LONDON

95, Bothwell Street, Glasgow, C.2.

8th November, 1934.

Sir,

S.S. "NORWEGIAN" - No. 82160 in the Register Book.

I beg to acquaint you that the Owners state that they propose to carry Cotton Seed Oil in the deep tank of the above vessel and they desire to be informed whether the arrangements as fitted meet with the Society's requirements and are such that a notation of "Carrying Cotton Seed Oil in Deep Tank" can be recorded.

Mr. Gibbs has informed them that the structural arrangements of the tank are satisfactory, but as no plans of pumping and draining arrangements are available, I shall be glad if you will be so good as to let me know whether these *latter* arrangements are satisfactory.

I am, Sir,

Your obedient servant,

*P. L. Warlow.*Secretary to the
Glasgow Committee.The Secretary,
