

COPY.

Lloyd's Register of Shipping,

71, Fenchurch Street, E.C. 3.

2nd September, 1921.

Dear Sirs,

With reference to your First Entry Report No.8318, on the S.S. "NORWEGIAN", I shall be glad if you will forward a copy of your letter dated 30th May 1919 regarding the change in the size of the main frames of this vessel, as the original appears to have been mislaid.

I shall also be glad if you will state whether the thickness of "A", "B" & "C" strakes of shell plating is reduced .04" in way of the double bottom amidships, and the bridge deck plating increased in thickness in way of the openings, as approved, and whether an efficient hand steering gear is fitted or other secondary means of steering provided, as required by the Rules.

I am, Dear Sirs,

Yours faithfully,

The Surveyors,

D U N D E E.

Secretary.
