Dear Sirs,

Steamer "LUCY"

When this ship was under survey in October last by the Society's Surveyors at Genoa, it was recommended that repairs to bridge front doors, hatch beams and sockets of Nos. 1, 2 and 3 holds and bulwark stanchions (port and starboard) should be carried out by the end of next month.

It is considered, however, that these repairs should be effected immediately, and I shall be glad to learn what early arrangements you propose to make for this to be done.

Yours faithfully,

Assistant Clerk to the  
Classification Committee

Messrs. Naviera de Transportes S.L.,  
Gran Via 19-5<sup>o</sup>,  
Bilbao,  
Spain.
