2nd June, 1950.

Dear Sirs,

H. I am in receipt of your letter of the 30th ultimo in further reference to the case of the Steamer "OAKLEY", and may say that the report on the outstanding Classification items from the Hartlepool Surveyors is now being dealt with.

I regret that at the time my letter of the 26th ultimo was written it was not appreciated that the survey had recently been completed by the Hartlepool Surveyors, No further action is therefore required on your part.

Yours faithfully,

The Surveyors,
NEWCASTLE-ON-TYNE.

Clerk to the
Classification Committee.
