

S.S."OAKIEY"

IT IS SUBMITTED the Owners be informed, in reply to their letter of May 2nd, further consideration has been given to the service limits of this ship, and it is regretted that approval cannot be given to the proposal to operate her North of 69°N, round the North Cape and into the White Sea. The service notation will therefore remain as detailed in "S" Dept. letter of April 21st 1950.

It is noted the outstanding items from the Classification Survey will be completed in the near future, and on receipt of the relevant reports from the Society's Surveyors, the ship will be recommended to the Committee for classification.

Also for Mr. Turnbull.
