29th July, 1940.

The Secretary,
LONDON.

Dear Sir,

Messrs. Aulco Pty.Ltd. of this port, have purchased the S.S. "MAIWARA" (No.28968) in the Register Book).

The vessel, as the "Schleswig" was built to class with Germanischer Lloyd and was later transferred to British Corporation.

The Owners are now contemplating classification with our Society and, before starting on any work of repairs, desire to ascertain whether any structural alterations would be required.

Enclosed herewith are photostat copies of plans - (midship section, longitudinal and main boiler) which the Owners have submitted with the request that you advise us by cable regarding their approval and authorise us to carry out the survey.

We are &c.
